Operacional Performance

Number of Schools and Students

We closed 3Q25 with **164.2 thousand students**, compared to 125.6 thousand in 3Q24. This growth was mainly driven by the start of our operations in the state of Paraná under the **Impulso** brand, which manages 34 public schools through the **Partner School Project**, adding **24.7 thousand students** under our management. **In our own schools, we ended 3Q25 with a total of 139.5 thousand students**, representing growth of 11.1% YoY, or 13.9 thousand new students, mainly reflecting the addition of students from Colégio Antares in the state of Ceará, which was incorporated into our portfolio only in 2Q25.

We ended 3Q25 with **232 schools in operation**, including 34 Impulso-branded schools in Paraná and 198 owned schools. This represents **an increase of 21 schools** compared to the same period of 2024 and **1 additional school** versus 2Q25 (Elite Americana, SP).

Of the total owned schools, we closed 3Q25 with **92 non-mature schools and 106 mature schools**, the latter representing schools that have been operating with the Group for more than five years.
